<i>**To express your familiarity with information resources, please check all that apply.</i>	I've had instruction in this at Colby	I'm comfortable doing this	I have done this	I need to learn about this
Search Colby's online catalog by author, title, or subject				
Search Colby's online catalog by keyword				
Use advanced search strategies: combining keywords, truncation, limits, etc.				
Find materials on reserve				
Find books in Colby Libraries				
Find videos and other non-print materials				
Find journals, magazines and newspapers				
Use encyclopedias and other reference books				
Use a periodical index to find articles				
Cite print resources (books, articles, essays from books, etc.)				
Cite electronic resources (websites, online journals, articles found using online indexes, etc.)				
Request books from other Maine libraries using Maine InfoNet				
Request books or articles from other libraries using Interlibrary Loan				
Find scholarly websites using standard and specialized web search engines				
Evaluate websites for authority, accuracy of information, and relevance to your research interests				

What topics are you interested in researching for this course?

To help you maximize the effectiveness of your research, what **three** things would you most like to see addressed in this instruction session? (Use the back of this sheet to answer if necessary.)
