### **PROCESS:**

In an effort to enhance the Alfond Residence Complex for the upcoming academic year, the Office of Campus Life has designed an application for admittance to the Alfond Residence Complex lottery for 2012-20123.

Groups of students interested in living in the Alfond Residence Complex must submit one application PER GROUP. Multiple applications will not be considered. In the event that multiple applications are submitted, only the first will be considered. The application serves as admittance into the Alfond Residence Complex lottery system. Only interested groups who submit COMPLETE applications will be considered eligible for the Alfond Residence Complex lottery.

### **ELIGIBILITY:**

All seniors are eligible to participate in the Alfond Residence Complex application process once. If you previously participated in the process, you are considered ineligible. As is mentioned in the Alfond Agreement, the senior class is determined by the Registrar, and consists of all 2013J, 2013 and 2014J graduates.

Each senior is eligible to participate in ONE application for the Alfond Residence Complex. In the event that the same person is listed on multiple applications, all the applications will be considered ineligible for the Alfond Residence Complex lottery and be re-instated in the regular housing lottery.

Each apartment group is considered one unit within the Alfond Residence Complex. If one (or more) of the members of the apartment group decide to opt for another housing option, all of the members of the apartment group will be re-instated in the regular housing lottery. If one (or more) of the members of the apartment group is currently studying abroad, then the remaining members of the apartment group may act as proxies for the student(s) studying abroad. The member/s that is abroad must fill out a proxy form which can be found at:
