Study marine science this summer on our Island Campus!

Undergraduate Students

You can easily fulfill degree requirements at SML while gaining hands-on field experience!

- Earn 1-4 college credits per course
- 1, 2, and 2.5 week course options
- Courses include:
  - Sustainable Fisheries
  - Field Oceanography
  - Marine Mammal Biology
  - Marine Environmental Science
  - Field Marine Invertebrate Biology
  - Underwater Research, and more!

Financial Aid & Scholarships

Need-based scholarships are available for all undergraduate students! SML also offers work-study opportunities to offset tuition costs. Apply online for financial support!

See you on Appledore Island!
