The Samuel Huntington Public Service Award

The Samuel Huntington Public Service Award provides a $15,000 stipend to a graduating college senior to pursue public service anywhere in the world. The Award allows recipients to engage in a meaningful public service activity for one year before proceeding on to graduate school or a career. Recently, three past award recipients have won an unsolicited, prestigious McArthur "genius" grant; been nominated by the President to become U. S. Surgeon General; and been recognized as a Forbes "30 Under 30" entrepreneur.

Proposals Requested
Students are encouraged to develop their own proposals for public service in the U.S. or abroad. The proposal may encompass any activity that furthers the public good. It can be undertaken by the student alone or working through established charitable, religious, educational, governmental, or other public service organizations. Project summaries of prior award winners and FAQs are posted at: www.nationalgridus.com/huntington.asp.

Along with the application, please submit:
1. A brief abstract of the proposal (no more than 100 words)
2. Proposal in 1,000 words or less, including:
   a. Brief statement of need for the project (no more than a few sentences)
   b. Specific measurable target objectives
   c. Schedule for project tasks
   d. Sustainability of the project
3. Budget (your application will be viewed more favorably if a significant portion of the funds is devoted to your project; award monies not to be used for student loan repayment).
4. Three letters of recommendation (each one-page only)
5. Transcript (official)
6. Résumé

Samuel Huntington was President and Chief Executive Officer of the New England Electric System which later merged with National Grid. He was deeply interested in public service. Following his graduation from college and before attending law school, Mr. Huntington taught in Nigeria. The Samuel Huntington Public Service Award was established by his friends to allow other students to realize similar experiences and to provide similar service.

Since 1989, the Fund has given 62 awards for graduating seniors to perform public service projects of their own design and imagination in 15 states and 29 countries around the world.
