
INTERNSHIPS

090 Internship A meaningful and appropriately challenging work experience that provides insight into an industry and career path of interest, most frequently at an off-campus job site and monitored by an onsite work supervisor. An internship must involve a minimum of 100 hours of completed work and must have a sponsor who is a member of the Colby teaching faculty. An online application is required, with final approval granted by [DavisConnects](#). A successful internship will receive transcript notation. At the discretion of the faculty sponsor and DavisConnects, and with the completion of a project above and beyond typical intern duties, it may also earn one (optional) academic credit per internship, up to a maximum of three credits toward the 128 credits required for graduation. Internships completed in January may also count toward the Jan Plan requirement. Complete internship policies and application deadlines are [online](#).
