**090 Internship** A carefully directed work experience in a field related to Colby’s academic program, most frequently at an off-campus job site and monitored by an on-site work supervisor. An internship must involve a minimum of 100 hours of completed work and must have a sponsor who is a member of the Colby teaching faculty. An online application is required, with final approval granted by the DavisConnects internship coordinator. A successful internship will receive transcript notation. At the discretion of the faculty sponsor and the internship coordinator, and with the completion of a project above and beyond typical intern duties, it may also earn one (optional) academic credit per internship, up to a maximum of three credits toward the 128 credits required for graduation. Internships completed in January may also count toward the Jan Plan requirement. Complete internship policies and application deadlines are online.
