Happy Spring from the Colby Club of DC!

We had a successful planning meeting in March with some new and energetic alumni faces, including **Nick Zeller** who will join us as a co-leader of the Club. Nick is a 2013 Colby grad and we look forward to working with him!

Our Colby Cares Day on April 13th was a great success with more than 25 alums across the three sites, not to mention the absolutely beautiful weather. A special thanks to our site coordinators **Cindy McKee '70**, **Nick Zeller '13**, and **Andy Estrada '12**.

We have an exciting May ahead of us starting with Professor of Art Véronique Plesch joining us for a gallery tour. On Sunday, May 18th she'll be transporting us to the Italian Renaissance as we walk through the National Gallery of Art. [R.S.V.P. soon to reserve your spot](#). There will be an optional lunch after the tour.

On May 20th, join us for the first of a new series called Dinner and Dialogue. The series will feature a DC-area alum in a small dinner setting at Chef Geoff's. The dinner will start with a brief presentation from the alum about their career and life after Colby, followed by conversation throughout the meal. Our first guest is **Doug Parker '86** who is currently the Director of EPA's Criminal Investigation Division where he oversees a nationwide team of special agents, criminal analysts and support staff who are engaged in the investigation of the most serious environmental crimes that affect the American public, its environment, and United States commerce. Doug was a history major at Colby and holds an MA in Public Policy from Georgetown University. Five-dollars will guarantee your reservation and provide dinner for the speaker. Checks will be separated for each guest. There are only 10 spots available so be sure to sign up quickly, you can register by [clicking here](#).

Finally, we'd love to get some feedback about past and future events, the best ways to contact you, and general comments about how we've been doing. We hope you'll take three minutes to fill out [this survey](#).
