

Sara Gutt – Chile

Sara was awarded a Walker Fellowship to attend Latinimmersion, a Spanish language immersion program in Santiago, Chile during January 2007. This experience allowed Sara to engage in intensive classroom study as well as the opportunity to go on educational field trips. Sara also had the opportunity to conduct interviews with Chilean reporters that survived the Pinochet dictatorship. Through this field work Sara gained unique perspective on the oppressive Pinochet regime and how this affected the Chilean media and society.
