Where possible, you should limit your selection to programs already on Colby's approved list.

This list is intended to get you started. More information on these programs/universities can be found on the OCS and/or program or university website.

Not all courses taken in these programs/universities will qualify for credit towards your major. Faculty approval is needed for each course.

While it is generally not advisable to take pre-medical or pre-dental requirements at a foreign university, it may be possible to do so after a thorough examination of the course in question. Please consult with your pre-med advisor.
