Researching Programs:

The off-campus study opportunities suggested within this brochure are intended as a starting point in your research. They are not an exhaustive list of available options.

Many of the programs &/or universities offer classes or courses of study that are appropriate or recommended for this subject. However, you should carefully consult the course offerings and please be aware that offerings may change and are not guaranteed. It also does not mean that all classes taken at these institutions will always be approved.

More information on these, and other programs or universities, can be found on the OCS and/or program or university websites.

We strongly recommend that you use the resources and guidance available in the OCS handbook and website in the Getting Started section. Learn more about the different types of programs and how to choose the right program for YOU.
