

## 2017-2018 Disbursement of Aid Funds For Approved Non-Colby Program(s)

**RELEASE OF FUNDS** - According to federal regulations, Colby cannot disburse aid funds until within 10 days of Colby's first day of classes each semester. For the 2017-2018 academic year, these dates are September 6, 2017 and February 7, 2018. However, aid funds will be released only if the necessary paperwork and electronic processing have been completed. Please keep in mind that any aid refund will be reduced by the \$1,000 Off-Campus Study Fee charged by Colby for each semester of study away.

**PARENT LOAN PROCEEDS** - Parent loan proceeds will be issued in a check to the parent whose name is listed as the borrower according to our records. Outside loans received with no indication of the borrower will be released in the student's name.

**STUDENT LOANS, SCHOLARSHIPS, AND GRANTS** - Student loans, scholarships, and grants will be disbursed in a check issued to the student and mailed to the student's home address. If it would be more convenient to have the check for your aid issued to a parent, please complete the form below and return it to us. There is no need to return the form if issuing student aid to the student is preferred.

**WITHDRAWAL** - If you withdraw from your program or drop below full-time status, you must notify Colby immediately. Students who withdraw or drop below full-time status may be responsible for the refund of College and/or federal funds in accordance with College policy and federal refund regulations.
