

Curriculum Vitae

James Rodger Fleming

Charles A. Dana Professor of Science, Technology, and Society
Colby College, Waterville, Maine 04901 USA

Email: jfleming@colby.edu; Phone: 1-207-859-5881; FAX: 1-207-859-5868

CURRENT AFFILIATION

Charles A. Dana Professor and Director of Science, Technology and Society, Colby College

EMPLOYMENT

Colby College, Visiting Assistant to Full Professor of STS 1988-present
American Meteorological Society, Historical Consultant, 1986-88
Princeton University, Fellow and Preceptor, Department of History, 1982-85
Private Consulting Meteorologist, 1974-82
University of Washington, Research Meteorologist, 1973-74
National Center for Atmospheric Research, Research Meteorologist, 1973

EDUCATION

Princeton University, Ph.D. History, 1988
Princeton University, M.A. History of Science, 1984
Colorado State University, M.S. Atmospheric Science, 1973
Pennsylvania State University, B.S. Astronomy, 1971

AWARDS, APPOINTMENTS, HONORS

American Geophysical Union, John Tyndall Lecturer in Global Environmental Change, 2017
American Meteorological Society, coordinator of the Historical Research Network, 2017-
Smithsonian Institution Research Associate, 2016-2019
Eduard Brückner Prize for interdisciplinary climate research, 2015
Distinguished Alumnus Award, Colorado State University Department of Atmospheric Science, 2015
American Association for the Advancement of Science (AAAS), elected Fellow, 2003
American Meteorological Society, elected Fellow, 2011
International Commission on the History of Meteorology (ICHM), Founder and first President, 2000-
2005, Senior Advisor, 2006-present
Columbia University, Visiting Lecturer in History, 2013 and Research Scholar, 2013-2015
Stockholm University, International Meteorological Institute, Guest Researcher, 2015.
University of Vienna/ Vienna Circle, Principal Lecturer, "Climate Studies," 2013
Sigma Xi, The Scientific Research Society, Distinguished Lecturer, 2013
Forum for the History of Science in America, Distinguished Lecturer, 2012
University of Maine, Geddes Simpson Memorial Lecturer, 2012
Colorado State University, Atmospheric Science, 50th Anniversary Banquet Speaker, 2012,
<http://www.atmos.colostate.edu/anniversary/video.php?name=banquetPart2>
Society for the History of Technology, Sally Hacker Book Prize, 2011
American Meteorological Society, Louis J. Battan Author's Award, 2011
MIT/Woods Hole Oceanographic Institute, H. Burr Steinbach Visiting Scholar, 2011
Royal Meteorological Society, Keynote Speaker, 150th Anniversary Meeting, 2011
Maine Congress of Lake Associations, Keynote Speaker, 2011

Chemical Heritage Foundation, Gordon Cain Conference Fellow, 2010-11
 U.S. House Committee on Science and Technology, testimony on geoengineering, Nov. 2009
 NASA 50th Anniversary Lecturer, Washington, DC, Oct. 2008
 University of Maine, Phi Beta Kappa Lecturer, April 2008
 Intergovernmental Panel on Climate Change, Contributing Author, 2007
 Royal Meteorological Society, Gordon Manley Lecturer, Durham, UK, 2007
 Woodrow Wilson International Center for Scholars, Public Policy Scholar, 2006-07
 AAAS Roger Revelle Fellow in Global Stewardship, 2006-07
 U.S. National Academy of Sciences, Visiting Scholar, 2006-07
 Smithsonian National Air and Space Museum, Charles A. Lindbergh Chair in Aerospace History, 2005-06; Exploring Space Lecturer, 2006
 University of Rhode Island, Vetelsen Distinguished Lecturer in Oceanography, 2004
 Scripps Institution of Oceanography, William E. and Mary B. Ritter Memorial Fellowship, 2003
 NSF Scholar's Award, "Carbon Dioxide Theory of Climate Change," 2001-05
 Mellon Foundation Grant, Environmental studies of the Southern Hemisphere, 2000-05
 Center for Theology and the Natural Sciences, Science and Religion Award, 2002
 George Mason University, ECHO Project Grant, Center for History and New Media, 2001
 StudyWeb Academic Excellence Award for *Guide to Historical Resources*, 2001
 Harvard University, Visiting Scholar, Dept. of the History of Science, 1999-2000
 Sloan Foundation Grant, History of Geophysics on the Web, 1998-99
 University of Arizona, Fellow, Institute for the Study of Planet Earth, 1997
 Epsilon Pi Tau, International Honorary for Professions in Technology, 1997
 Pennsylvania State University, Visiting Professor of Global Change, 1994
 American Institute of Physics, Historical Research Grant, 1994
 Massachusetts Institute of Technology, Visiting Scholar, STS Program, 1992-94
 Harvard University, Research Associate, History of Science, 1992-93
 National Endowment for the Humanities Sabbatical Fellowship, 1992-93
 Yale University, Frederick W. Beinecke Fellow, 1992
 American Philosophical Society Library, Mellon Fellow, 1991
 Colby College, Research and Course Development Grants, 1988-2011
 American Meteorological Society, Grant for Historical Research, 1986-88
 Smithsonian Institution, Fellow, Joseph Henry Papers, 1985-87
 Colorado State University, Graduate Research Assistantship, 1971-73
 Multiple Sclerosis Society, Undergraduate Scholarship, 1968-71
 Bausch-Lomb Science Award, 1967
 Rensselaer Polytechnic Institute Science Award, 1967

EDITORSHIPS

Palgrave Studies in the History of Science and Technology, series editor,
<http://www.palgrave.com/us/series/14581#>
History of Meteorology, Editor-in-Chief, 2001-2017
 American Meteorological Society, History Editor, *Bulletin of the American Meteorological Society*
 AMS Books History Editor
Endeavour, Editorial Advisory Board

BIOGRAPHICAL

Pennsylvania Center for the Book,
http://pabook2.libraries.psu.edu/palitmap/bios/Fleming_James_Rodger.html
Who's Who in America (Marquis, 2001-17); *Writers Directory* (Thomson/Gale, 1997-2017);
Contemporary Authors (Gale, 1996-2016);
Dictionary of International Biography (Cambridge, 1995-2017)

LIST OF PUBLICATIONS

BOOKS – Amazon Home Page, <http://amzn.to/pKFzbn>

- Inventing Atmospheric Science: Bjerknes, Rossby, Wexler, and the Foundations of Modern Meteorology.* Cambridge, MA: MIT Press, 2016.
- Fixing the Sky: The Checkered History of Weather and Climate Control.* New York: Columbia University Press, 2010. Winner of the 2011 Sally Hacker Prize from the Society for the History of Technology and the Louis J. Battan Author's Award from the American Meteorological Society. Paperback edition and E-book 2011. Japanese edition, Shinobu Onizawa, transl. Tokyo: Kinokuniya, 2012. See <https://www.youtube.com/watch?v=Rr9KVHGOmAc>
- The Callendar Effect.* The life and work of Guy Stewart Callendar (1898-1964), the scientist who established the carbon dioxide theory of climate change. Boston: American Meteorological Society, 2007. CHOICE Award, best book in the history of meteorology from the Atmospheric Science Librarians International; EXCEL Gold book award from the Society of National Association Publishers.
- Historical Perspectives on Climate Change.* New York: Oxford University Press, 1998; Paperback edition, 2005.
- Meteorology in America, 1800-1870.* Baltimore: Johns Hopkins University Press, 1990; Paperback edition, 2000.

BOOKS IN PROGRESS

- Breaking Through the Clouds: Joanne Simpson and the Tropical Atmosphere,* MIT Press, forthcoming,
- Thoughts and Feelings: Joanne Malkus and Claude Ronne,* in process.

EDITIONS

- Climate Intervention: Reflecting Sunlight to Cool Earth.* Washington, D.C.: National Research Council of the National Academies. 2015.
- Climate Intervention: Carbon Dioxide Removal and Reliable Sequestration.* Washington, D.C.: National Research Council of the National Academies, 2015. Committee members for both reports: McNutt, M. K., Abdalati, W., Caldeira, K., Doney, S. C., Falkowski, P. G., Fetter, S., Fleming, J. R., Hamburg, S. P., Morgan, M. G., Penner, J. E., Pierrehumbert, R. T., Rasch, P. J., Russell, L. M., Snow, J. T., Titley, D. W. and Wilcox, J. Download reports at <http://nas-sites.org/americasclimatechoices/other-reports-on-climate-change/2015-2/climate-intervention-reports/>
- Toxic Airs: Body, Place, Planet in Historical Perspective,* James Rodger Fleming and Ann Johnson, eds. Pittsburgh: University of Pittsburgh Press, 2014.
- Klima. Osiris* 26, James Rodger Fleming and Vladimir Jankovic, eds. Chicago: University of Chicago Press, 2011.
- Globalizing Polar Science: Reconsidering the International Polar and Geophysical Years.* Roger D. Launius, James Rodger Fleming, and David H. DeVorkin, eds. New York: Palgrave, 2010.
- Climate Change and Anthropogenic Greenhouse Warming: A Selection of Key Articles, 1824-1995, with Interpretive Essays,* James Rodger Fleming, ed. National Science Foundation, National Science Digital Library, *Classic Articles in Context*, Issue 1. April 2008. <http://bit.ly/15CTWnT>
- Intimate Universality: Local and Global Themes in the History of Weather and Climate,* James Rodger Fleming, Vladimir Jankovic, and Deborah R. Coen, eds. Sagamore Beach, MA: Science History Publications/USA, 2006, http://www.shpusa.com/shp_books/intimate-universality/
- History of Meteorology,* ISSN 1555-5763 James Rodger Fleming, Editor-in-Chief. <http://www.meteohistory.org>.

- The Papers of Guy Stewart Callendar*. James Rodger Fleming and Jason Thomas Fleming, eds. Boston: AMS Books, 2007.
- Weathering the Storm: Sverre Petterssen, the D-Day Forecast and the Rise of Modern Meteorology*, by Sverre Petterssen. James Rodger Fleming, ed. Boston: American Meteorological Society, 2001.
- Historical Studies in the Physical and Biological Sciences* 30, no. 2 (2000), James Rodger Fleming, ed.
- Studies in the History and Philosophy of Modern Physics* 31B, no. 3 (2000), Naomi Oreskes and James Rodger Fleming, eds.
- History of the Clean Air Act: A guide to clean air legislation past and present* (with Bethany R. Knorr). Interactive History of the Earth Sciences Project. Boston: American Meteorological Society 1998. URL: <https://www.ametsoc.org/sloan/cleanair/>
- Guide to Historical Resources in the Atmospheric Sciences*, James Rodger Fleming, ed. Revised Web edition, 1997. URL: <http://www.colby.edu/sts/97guide/> Boulder: National Center for Atmospheric Research, 1989. NCAR/TN-327+IA.
- Historical Essays on Meteorology, 1919-1995*. The 75th Anniversary Volume of the American Meteorological Society, James Rodger Fleming, ed. Boston: American Meteorological Society, 1996. E-book, <http://www.springer.com/us/book/9781940033846>
- Science, Technology and the Environment: Multidisciplinary Perspectives*. James Rodger Fleming and Henry A. Gemery, eds. Akron: University of Akron Press, 1994.
- International Bibliography of Meteorology: From the Beginning of Printing to 1889*. 4 vols. In one. James Rodger Fleming and Roy E. Goodman, eds. Upland, Pa.: Diane, 1994.

PEER-REVIEWED ARTICLES AND ESSAYS

- “Post-scripting extreme weather: Textuality, eventhood, resilience” (with Vladimir Janković). Pp. 154-165 in *Cultural Histories, Memories and Extreme Weather*, Georgina H. Endfield and Lucy Veale, eds. London and New York: Routledge, 2018.
- “In the Year 2017: A Soviet Fantasy of the Future,” in *Relocating Meteorology, History of Meteorology* 8 (2017): 222-224, with associated video, <http://meteohistory.org/scholarship/history-of-meteorology/history-of-meteorology-volume-8-2017>
- “Carl-Gustaf Rossby: Theorist, institution builder, bon vivant,” in *Physics Today* 70 (2017): 50-56. <http://physicstoday.scitation.org/doi/full/10.1063/PT.3.3428>
- “Excuse Us, While We Fix the Sky: WEIRD Supermen and Climate Engineering,” 23-28 in *Men and Nature: Hegemonic Masculinities and Environmental Change*, edited by Sherilyn MacGregor and Nicole Seymour. *Perspectives*, Issue 2017, no. 4. Munich: Rachel Carson Center. <http://www.environmentandsociety.org/perspectives/2017/4/article/excuse-us-while-we-fix-sky-weird-supermen-and-climate-engineering>
- “Intervention: *Kebnekaise*,” Introductory essay for *The Freeze*, a gallery installation and exhibit catalogue by Mats Bigert and Lars Bergström, Stockholm, Sweden, Jan. 2016,
- “Weather and Climate as Shape-Shifting Nouns: Gordian Knots of Understanding and Prevision,” *History of Meteorology* 7 (2015): 1-13; also (in Chinese) Pp. 1-10 in *Proceeding of the Second Symposium on the History of Meteorological Science and Technology*, Xiaofeng Xu ed. Beijing: China Meteorological Press, 2017.
- “Visual cultures of the Anthropocene: Imag(e)ing technocultures of the future in light of the past,” 39-41. *Proceedings of the international conference, Global Environmental Images: New Perspectives*, Sebastian Grevsmühl, ed. (English and French). Paris: GIS Climate-Environment-Society, 2015.
- “The Checkered Past of Weather and Climate Control and Its Troubling Prospects, 171-180.” *Klimagerechtigkeit und Klimaethik*, Angela Kallhoff, ed. Vienna: Wiener Reihe, Themen der Philosophie. Berlin: De Gruyter, 2015.
- “The Future of Technology and Its Impact on the Environment.” In *Technology: Impacts, Challenges and the Future*, 171-201. Abu Dhabi, United Arab Emirates: The Emirates Center for Strategic Studies and Research, 2015. Published simultaneously in Arabic.
- “Climate, Change, History,” *Environment and History* 20 (2014): 577-586.

- “Carbon ‘Die’-Oxide: The personal and the planetary.” *Toxic Airs: Body, Place, Planet in Historical Perspective*, J.R. Fleming and A Johnson, eds. Pittsburgh: University of Pittsburgh Press, 2014, 251-270.
- “Climate Physicians and Surgeons.” *Environmental History* 19 (April 2014): 338-345.
- “Picturing Climate Control: Visualizing the Unimaginable.” *Image Politics of Climate Change: Visualizations, Imaginations, Documentations*, Birgit Schneider and Thomas Nocke, eds. Bielefeld: [transcript] Verlag, 2014, 345-361.
- “The Artificial Production of Carbon Dioxide and Its Influence on Temperature” (1938) by G.S. Callendar, with commentary. *The Future of Nature: Documents of Global Change*, Libby Robin, Sverker Sörlin, and Paul Warde, eds. New Haven: Yale University Press, 2013, <http://www.yalebooks.com/yupbooks/book.asp?isbn=9780300184617>
- “Skyscapes and Anti-Skyscapes: Making the Invisible Visible.” *The Anti-Landscape*, David Nye and Sarah Elkund, eds. Amsterdam: Rodopi, 2013, 29-44.
- “A History of Weather and Climate Control.” Opinion Article, *Geoengineering Our Climate Working Paper and Opinion Article Series*. Available at: <http://wp.me/p2zsRk-9i>
- “The Climate Engineers: Playing God to Save the Planet.” *Landscape Futures: Instruments, Devices and Architectural Inventions*, Geoff Manaugh, ed. Barcelona and New York: Actar and Reno, Nevada Museum of Art, 2013.
- “Will Geo-engineering Bring Security and Peace? What does history tell us?” *Geoengineering: An Issue for Peace and Security Studies. Sicherheit und Frieden / Security and Peace*, (2012), Issue 4, <http://www.sicherheit-und-frieden.nomos.de/1/current-issue-and-archive/2012/issue-4/>
- “Iowa Enters the Space Age: James Van Allen, Earth’s Radiation Belts, and Experiments to Disrupt Them.” *Annals of Iowa* 70 (Fall 2011), 301-24; available in America: History & Life with Full Text and at https://www.academia.edu/6999031/Iowa_Enters_the_Space_Age_James_Van_Allen_Earth_s_Radiation_Belts_and_Experiments_to_Disrupt_Them
- “Beyond Prediction to Climate Modeling and Climate Control: New perspectives from the papers of Harry Wexler, 1945-1962.” *The Development of Atmospheric General Circulation Models*, Leo Donner, Wayne Schubert, Richard Somerville, eds., 51-75. Cambridge University Press, 2011.
- “Planetary-scale Field Work: Harry Wexler on the possibilities of ozone depletion and climate control.” *Knowing Global Environments: New historical perspectives on the field sciences and the multiple scales of nature*, Jeremy Vetter, ed., 190-211. New Brunswick: Rutgers University Press, 2010.
- “Earth Observations from Space: Accomplishments, challenges, and realities.” *NASA’s First 50 Years: An Historical Perspective*, Steven J. Dick, ed., 543-562. Washington, DC: NASA, 2010.
- “Polar and Global Meteorology in the Career of Harry Wexler, 1933-1962.” *Globalizing Polar Science: Reconsidering the International Polar and Geophysical Years*, Roger D. Launius, James Rodger Fleming, and David H. DeVorkin, eds., 225-241. New York: Palgrave, 2010.
- “Gilbert N. Plass: Climate Science in Perspective.” *American Scientist* 98 (2010): 60-61.
- “Climate, History, Society, Culture: An editorial essay,” *Wiley WIRE Climate Change* (Feb. 2010), DOI: 10.1002/wcc.35
- “Fixing the Sky: Rain kings and climate engineers.” *Weather, Local Knowledge and Everyday Life: Issues in Integrated Climate Studies*, Vladimir Jankovic and Christina Barboza, eds. Rio de Janeiro: MAST, 2009.
- “Advancing Polar Research and Communicating Its Wonders: Quests, questions, and capabilities of weather and climate studies in international polar years,” (with Cara Seitchek). *Smithsonian at the Poles: Contributions to International Polar Year Science*, I. Krupnik, M. A. Lang, and S. E. Miller, eds., 1-12. Washington, D.C.: Smithsonian Institution Scholarly Press, 2009.
- “Earth Observations from Space: The first two decades.” *Earth Observations from Space: The First 50 Years of Scientific Achievements*. Washington, DC: National Research Council, 2008, 14-27.
- “The Climate Engineers: Playing God to Save the Planet.” *Wilson Quarterly* (Spring 2007): 46-60. <http://www.colby.edu/sts/climateengineers.pdf>

- “Global Climate Change and Human Agency: Inadvertent influence and 'Archimedean' interventions.” *Intimate Universality: Local and Global Themes in the History of Weather and Climate*, J.R. Fleming, V. Jankovic, and D.R. Coen, eds. Sagamore Beach, Mass.: Science History Publications/USA, 2006. pp. 223-248. http://www.colby.edu/sts/06_fleming_archimedean.pdf
- “The Pathological History of Weather and Climate Modification: Three cycles of promise and hype.” *Historical Studies in the Physical Sciences* 37, no. 1 (2006): 3-25. http://www.colby.edu/sts/06_fleming_pathological.pdf
- “Climate Dynamics, Science Dynamics, and Technological Dynamics, 1804-2004.” *From Beaufort to Bjerknes and Beyond – Critical perspectives on observing, analyzing, and predicting weather and climate*, S. Emeis and C. Lüdecke, eds. München: Rauner, 2005. Special issue of *Algorismus* 52 (2005): 9-16.
- “James Croll in Context: The encounter between climate dynamics and geology in the second half of the nineteenth century.” *Milutin Milankovic Anniversary Symposium: Paleoclimate and the Earth climate system, Belgrade, 30 August - 2 September 2004: invited lectures*. A. Berger, M. Ercegovac, and F. Mesinger, eds., 11-18. Belgrade: Serbian Academy of Sciences and Arts, 2005.
- “Distorted Support: Pathologies of Weather Warfare.” *Science in Uniform, Uniforms in Science: Historical Studies of American Military and Scientific Interactions*, Margaret Vining and Barton C. Hacker, eds., 49-60. Lanham, Md.: Scarecrow Press, 2007.
- “Telegraphing the Weather: Military Meteorology, Strategy, and ‘Homeland Security’ on the American Frontier in the 1870s.” *Instrumental in War: Science, Research, and Instruments. Between Knowledge and the World*, History of Warfare Series, vol. 28. Steven A. Walton, ed., 153-78. Leiden: Brill Academic, 2005.
- “Fixing the Weather and Climate: Military and Civilian Schemes for Cloud Seeding and Climate Engineering.” *The Technological Fix: How people use technology to create and solve problems*, Lisa Rosner, ed., 175-200. Hagley Center Studies in the History of Business and Technology. New York: Routledge, 2004. http://www.colby.edu/sts/04_fleming_fixing.pdf
- “Sverre Petterssen and the contentious (and momentous) weather forecasts for D-Day.” *Endeavour* 28 (June 2004): 59-63. <http://authors.elsevier.com/sd/article/S0160932704000511>
- “Sverre Petterssen, the Bergen School, and the Forecasts for D-Day.” *History of Meteorology* 1 (2004): 75-83. <http://www.meteohistory.org>
- “Global Environmental Change and the History of Science.” *Cambridge History of Science*, vol. 5, *The Modern Physical and Mathematical Sciences*, Mary Jo Nye, ed., 634-50. Cambridge: Cambridge University Press, 2003.
- “Global Climate Change and the History of Science.” *Proceedings of the International Symposium for the East Asian Network on Environmental History and Climate Change: The Encounter Between Meteorology and History*, Togo Tsukahara, ed., 91-101. Kobe University: Japan, 2003 (In Japanese).
- “La météorologie, les Indiens et les grévistes: L’art de surveiller à la fois l’atmosphère et les troubles sociaux.” *La Recherche*. Paris, no. 7 (April/June 2002): 80-83. Simultaneously published in *Mundo Científico* (Spanish edition).
- “What's Up with the Weather?” Historical introduction for documentary film and website produced by The Johns Hopkins University and National Video Resources, 2003.
- “Science: Revolutionary War to World War I.” *Oxford Companion to United States History*, Paul Boyer, ed., 686-688. New York: Oxford University Press, 2001.
- “Storms, Strikes, and Surveillance: The U.S. Army Signal Office, 1861-1891.” *Historical Studies in the Physical and Biological Sciences* 30, no. 2 (2000): 315-32.
- “T.C. Chamberlin, Climate Change and Cosmogony.” *Studies in the History and Philosophy of Modern Physics* 31B, no. 3 (2000), 293-308.
- “Why Geophysics?” (with Naomi Oreskes). *Studies in the History and Philosophy of Modern Physics* 31B, no. 3 (2000).

- “Joseph Fourier, the ‘Greenhouse Effect,’ and the Quest for a Universal Theory of Terrestrial Temperatures.” *Endeavour* 23 (1999): 72-75.
- “Arrhenius and Current Climate Concerns: Continuity or a 100-year Gap?” *EOS, Transactions of the American Geophysical Union* 79, no. 34 (Aug. 25, 1998): 405, 409-10. Reprinted in *Earth in Space* (Nov. 1998): 11-14.
- “Charles Lyell and Climatic Change: Speculation and Certainty.” *Lyell: The past is the key to the present*, D.J. Blundell and A.C. Scott, eds., 161-169. Geological Society Special Publication no, 143. London, 1998.
- “Meteorological Observing Systems Before 1870 in England, France, Germany, Russia, and the USA: A Review and Comparison.” *World Meteorological Organization Bulletin* 46 (1997): 249-58.
- “Science and Technology in the Second Half of the Nineteenth Century.” *The Gilded Age: Essays on the Origins of Modern America*, Charles Calhoun, ed., 19-37. Wilmington, Del.: Scholarly Resources, 1996.
- “Historical Writing on Meteorology: An Annotated Bibliography,” (with Simone L. Kaplan). *Historical Essays on Meteorology, 1919-1995*, James Rodger Fleming, ed., 557-580. Boston: American Meteorological Society, 1996.
- “The Signal Office and the *Bibliography of Meteorology*.” *International Bibliography of Meteorology: From the Beginning of Printing to 1889*. James Rodger Fleming and Roy E. Goodman, ed., xiii-xxii. Upland, Penna.: Diane Publishing Co., 1994.
- “T.C. Chamberlin and H₂O Climate Feedbacks: A Voice from the Past.” *EOS, Transactions of the American Geophysical Union* 73 (1992): 505, 509. Reprinted in *Earth in Space* 5 (Nov. 1, 1992): 11.
- “Meteorology at the Smithsonian Institution, 1847-1874: The Natural History Connection.” *Archives of Natural History* 16 (1989): 275-84.
- “Radiative Effects of Cirrus Clouds,” (with Stephen K. Cox). *Journal of the Atmospheric Sciences* 31 (1974): 2182-88.
- “Radiative Effects of Cirrus Clouds.” Technical Report TR-207. Fort Collins: Colorado State University Department of Atmospheric Science, 1973.

ENCYCLOPEDIA ARTICLES

- “Geoengineering.” *Berkshire Encyclopedia of Sustainability*, Vol. 10, *The Future of Sustainability*, Bill Siever, ed. Great Barrington, Mass.: Berkshire, 2012, 124-128.
- Encyclopedia of Climate and Weather*, 2nd ed., New York: Oxford University Press, 2010. “James Croll.”
- New Dictionary of Scientific Biography* (Scribner’s, 2007). “Guy Stewart Callendar,” and “Verner E. Suomi.”
- Oxford Encyclopedia of Maritime History*, 2006. “Meteorology” and “Meteorological Departments and Institutes.”
- Dictionary of American History*, 10 vols., Stanley I. Kutler, ed. New York: Charles Scribner’s Sons, 2003. “Climate” and “Meteorology.”
- A History of Modern Science and Mathematics*, Vol. 3, Brian S. Biagre, ed. New York: Scribner’s, 2002. “Meteorology,” 184-217.
- The History of Science in the United States: An Encyclopedia*, Marc Rothenberg, ed. New York: Garland Press, 2001. “James Pollard Espy,” “Medicine and Weather,” “Meteorology and Atmospheric Science,” “National Weather Service,” “William C. Redfield.”
- American National Biography*, John A. Garraty and Mark C. Carnes, ed. New York: Oxford University Press, 1999. “Cleveland Abbe,” “Jule Gregory Charney,” “James Henry Coffin,” “James Pollard Espy,” “John Locke,” “Elias Loomis,” “Albert James Myer,” “Francis Wilton Reichelderfer.”
- Sciences of the Earth: An Encyclopedia of Events, People, and Phenomena*, Gregory A. Good, ed. New York and London: Garland Publishing, 1998. “Climate Change before 1940,” “Greenhouse

Effect,” “Meteorological Observing Systems: Early History,” “Meteorological Services: National and Regional,” “Weather Modification.”

Instruments of Science: An Historical Encyclopedia, Robert Bud and Deborah Warner, ed. New York: Garland Press, 1997. “Nephelescope.”

Encyclopedia of Earth Sciences, 2 vols., E. Julius Dasch, ed. New York: Macmillan Reference, 1996. “History of Meteorology.”

Nobel Prize Winners, Tyler Wasson, ed. New York: H. W. Wilson Company, 1987. “Francis Aston,” “Albert Einstein,” “Richard Feynman,” “Irving Langmuir,” “Walther Nernst,” “Julian Schwinger,” “Frederick Soddy,” “Sin-itiro Tomonaga.”

“Jule Gregory Charney (1917-1981),” Biographical Sketch, American Geophysical Union, <http://www.agu.org/inside/awards/charney.html>

RECENT CONFERENCES CONVENED

“Pressing Issues: History of Technology Meets Public Policy,” Colby College, 2013.

“Gaining It, Losing It, Regaining It (?): Anxiety and Authority in the Atmospheric Sciences,” International Congress of History of Science, Technology and Medicine, Manchester, UK, 2013 will be published in *History of Meteorology* 6 (2014).

Chemical Weather and Chemical Climate 2011, supported by Chemical Heritage Foundation resulted in *Toxic Airs*, published 2014.

Climate and Cultural Anxiety 2009, supported by NSF resulted in *Osiris* 26, *Klima* (2011).

MEDIA COVERAGE

BBC Radio, interview with Ronan Breen for a new podcast on the science, history, and human stories behind the weather, Aug. 2017 and Mar. 2018.

99% Invisible – podcast on weather control with Vivian Le, Jan. 2018, <https://99percentinvisible.org>

Smithsonian Magazine, Interview with Katie Nodjimbadem on rainmaking in the 19th Century, July 2017.

Discovery.com, interview with Crystal Lewis Brown on storms and weather control, 2017

AAAS Science and Technology Policy Fellows Newsletter, interview with Kathleen O’Neil on the Roger Revelle Fellowship in Global Environmental Policy, 2017

TV Channel "Russia 24," Moscow, interview with Alex Knyazev on geoengineering, July 7, 2017.

Interview on weather control with Sofia Hedmana journalist with the *Barometern*, a daily in the south east of Sweden, 2017.

Time Magazine, Dec. 21, 2016.

“Oysters, beer, and a meteorological breakthrough,” *Boston Globe*, April 17, 2016,

“A Conversation with Dr. James Fleming: Geoengineering and the History of Atmospheric Science,” Georgetown University Climate History Podcast with Dagomar Degroot, March, 2017

Toronto Star, interview with Joseph Hall on geoengineering.

The Adaptors podcast –with Flora Lichtman on human engineering and geoengineering.

Schattenblick, interview on Klimarunde, Fragestunde - Hoffnung im Verborgenen.

MSNBC, interview on Climate Intervention, with Tony Dokoupil.

Discover Magazine, interview with Douglas Fox.

Public Radio Exchange (PRX), interview with Stephen Jackson.

Popular Science Magazine with Lois Parshley.

Aspen Public Radio.

BioScience with Beth Baker.

Washingtonian Magazine with Rebecca Nelson.

Voice of America, with Michael Fussel.

BBC Radio with Deborah Cohen.

Hartford Courant with Steve Grant.

Los Angeles Times with Evan Halper.

Los Angeles Times.

KABC (AM 790) on the Doug McIntyre Show.

National Public Radio, Digital News with Linton Weeks.

NBC News with Tony Dokoupil.

The Weather War. Mats Bigert and Lars Bergström. Stockholm: Ginestra Film, 2012,

<http://vimeo.com/52955284>, password pudov. On-screen appearance and script consulting.

Climate Wire, with Lauren Morello, Moving NOAA to Department of Interior.

Climate Nexus interview with Marlene Cimons on extreme weather events.

Climate Wire interview with Mollie Blouffoff-Indelicato on the weaponization of weather.

Le Parisien Magazine, interview on Geoengineering with Thomas Leroy,

Guardian, UK interview with John Vidal on hurricane modification.

Le Monde, Paris interview with Audrey Garric on environmental warfare.

WRTC-Pittsburgh, "Fixing the Sky" and climate

<http://www.remappingdebate.org/audio/%E2%80%9Cfixing-sky%E2%80%9D-and-climate>

Discovery Channel, Inventions that Shook the World.

National Public Radio, All Things Considered with Amy Standen.

National Public Radio All Things Considered with Robert Krulwich,

<http://www.npr.org/sections/krulwich/2010/07/01/128170775/a-very-scary-light-show-exploding-h-bombs-in-space>

Scientific American, Feb. 25, 2011, "Ask the experts."

Australian Broadcasting Corporation, Late Night Live, with Philip Adams.

Canadian Broadcast Corporation, History of weather forecasting.

Walrus Magazine, Toronto, with John Lorinc.

Newstalk Radio, Ireland, with Sean Moncrieff.

American Historical Association/ Natl. History Center, New Books in History with Marshall Poe.

Galileu, Brazilian magazine of science, technology, and culture, with Felipe Pontes in *Galileu*,

Walrus Magazine, Toronto, with John Lorinc.

Netherlands Public Radio

National Public Radio, International Geophysical Year.

National Science Foundation Research Channel. Climate Change History.

Australian Broadcasting Corporation, National Radio, The Climate Engineers.

British Broadcasting Corporation. *The Science of Superstorms: Playing God with the weather*.

4th Row Films, New York, NY. *Owning the Weather*.

The Weather Channel, 100 Biggest Moments in Weather History.

Wilson Center Dialogue, The Climate Engineers.

WOR Radio, New York City, Weather and Climate Control.

NewsHour with Jim Lehrer, Polar science.

Progressive Radio Network, "Climate Engineering.

Wall Street Journal Online. "Could Global Warming Be Halted by Controlling the Weather?"

Boston Globe. Talk of manipulating Earth's climate.

Serbian National Television, James Croll and Milutin Milankovic' in Historical Context, 2004.

Los Angeles Times. "An Ill Wind Blows Toward an Even More Inhospitable Climate."

National Public Radio, "A Historian Looks at Weather Modification."

Old Farmer's Almanac, "A Spicy Account of (Quite Possibly) the Worst Day in Weather History."

Cabinet: A quarterly magazine of art and culture. "Yesterday's Forecasts."

Weather Notebook, Mount Washington Observatory. Multiple NPR Radio scripts.

The Learning Channel (TLC), "Understanding Weather."

LECTURES: KEYNOTE (K), INVITED (I), CONTRIBUTED (C)

- (K) “Gordian Knots of Prevision: Atmospheric research in the first half of the twentieth century,” Southern History of Science and Technology Conference (SoHost), Mississippi State University, March 2018.
- (K) *Tyndall History of Global Environmental Change Lecture* sponsored by the Global Environmental Change Focus Group at the American Geophysical Union, New Orleans, December 2017.
- (I) “Gordian Knots of Prevision: The lessons of history.” National Center for Atmospheric Research, Boulder, Colorado, Oct. 2017.
- (I) “Breaking Through the Clouds: Joanne Simpson and the tropical atmosphere.” Colorado State University, Fort Collins, Oct. 2017.
- (I) “Vilhelm Bjerknes, Complexity, and the Gordian Knots of Meteorology,” History of Science Society Annual Meeting, Toronto, Nov. 2017.
- (K) “Historical Perspectives on Climate Change and Climate Intervention,” Cambridge, MA: American Academy of Arts and Sciences, May 2017.
- (I) “Fortune, Luck, and Fate: Atmospheric Maintenance in History and Culture,” Fate, Luck and Fortune: Historical Narratives of Environmental Risk, University of Nottingham, March 2017, video here, <https://www.nottingham.ac.uk/classics/research/projects/fate-luck-fortune.aspx>
- (K) “Fixing the Sky: History and Current Policy,” Connections keynote lecture at University of New England, Biddeford, March 2017.
- (I) “A Passion for Clouds: Joanne Simpson and the Tropical Atmosphere,” American Meteorological Society annual meeting, Seattle, Jan. 2017.
- (I) “Climate Intervention: Barking mad, WEIRD, and male dominated,” Higher seminar at Linköping University, Sweden, Jan. 2017.
- (I) “Apollo’s Inner Eye: Establishing privileged climate positions, 1750-2000,” Conference on “From Above,” Swedish Royal Academy of Sciences, Stockholm, Jan. 2017.
- (I) “Inventing Atmospheric Science: Gordian Knots and the Quest for Prevision,” PAOC Colloquium, MIT, Nov. 2016
- (I) “Inventing Atmospheric Science: Gordian Knots and the Quest for Prevision,” History of Science Colloquium, University of Minnesota, Sept. 2016.
- (I) “Climate Intervention: Barking Mad, WEIRD, and Male-Dominated Disasters,” Washington University of St. Louis, Sept. 2016.
- (I) “Technological Fixes and the Grand Challenge of Climate Change,” Perspectives on Modernity Seminar, Forum Internationale Wissenschaft,” University of Bonn, Germany, July 2016.
- (I) “Civilization, Climate and Ozone: Ellsworth Huntington’s Views on Biophysics, Biocosmics, and Biocracy,” Workshop on History of Science meets Historical Geography, Nottingham, UK, July 2016
- (I) “A Big Picture History of Atmospheric Science in the Twentieth Century: Vilhelm Bjerknes, C.-G. Rossby, and Joanne Simpson,” with Maya Meltsner, NASA Goddard Spaceflight Center, June 2016.
- (C) “Weather and Climate Anti-skyscapes and Anti-soundscapes: Artistic, scientific, and public engagements,” Royal Anthropological Institute, Conference on Anthropology and Climate Change, London, May 2016.
- (C) “Atmospheric Maintenance: Temporal and spatial considerations,” Conference on The Maintainers, Stevens Institute of Technology, Hoboken, NJ, April 2016.
- (I) “Inventing Atmospheric Science: Issues of Scale and the Quest for Prevision” Center for Science & Society, Columbia University, April 2016.
- (I) “Inventing Atmospheric Science: Gordian Knots and the Quest for Prevision,” Colby Admissions Department Open House, April 2016.
- (I) “Climate Engineering: Barking Mad, WEIRD, and Male-Dominated,” Workshop on Men and Nature: Gender, Power, and Environmental Change. Rachel Carson Center for Environment and Society, Munich, Germany, Feb. 2016.

- (I) “Inventing Atmospheric Science,” Book Launch, American Meteorological Society Headquarters, Boston, Jan. 2016. Also at Old Professors Bookshop, Belfast, Colby Bookstore and Waterville Public Library.
- (K) “History of Meteorology,” Core Science Talk, American Meteorological Society, New Orleans, Jan. 2016. <https://ams.confex.com/ams/96Annual/videogateway.cgi/id/31508?recordingid=31508>
- (I) Pressing Issues: History Meets Public Policy Roundtable, American Historical Association, Atlanta, GA, Jan. 2016.
- (I) Conference on the History of Meteorological Science and Technology, Chinese Society for the History of Science and Technology, Beijing, China, Dec. 2015. “Inventing Atmospheric Science,” “Historical Perspectives on Climate Change,” “Meteorology in America,” and “Fixing the Sky.” A series of four invited lectures on the history of meteorology and climatology.
- (I) Session Chair: “Science and the State: Public Policy, Promotion, and State Support for Science in the Twentieth Century,” History of Science Society, San Francisco, CA, Nov. 2015.
- (I) “Cutting the Gordian Knot of Meteorology: New Theories, New Technologies, and New Knots,” History of Science Society, San Francisco, CA, Nov. 2015.
- (I) “How Studying the Past Can Make a Difference to the Future: How To Engage with Government and Beyond Using the History of Science,” Joint Caucus for Socially Engaged Philosophers and Historians of Science (JCSEPHS), History of Science Society, San Francisco, CA, Nov. 2015.
- (I) “Cutting the Gordian Knot of Meteorology: New Technologies and New Knots,” Society for the History of Technology, Albuquerque, NM, Oct. 2015.
- (I) “Inventing Atmospheric Science: The Quest for Prevision and the Gordian Knots of Meteorology,” Earth System Science Center, Pennsylvania State University, Oct. 2015.
- (I) “Sir Francis Bacon and the Scientific Revolution,” University of Maine, Orono, Sept. 2015.

TEACHING

COURSES TAUGHT

Science, Technology and Society; Revolutions in Science; Technology Matters; The Craft of Research; Weather, Climate and Society; Human/Nature in the 21st Century; History of Climate Change and Global Governance (at Columbia University); Carbon Dioxide Seminar; History of Science in America; Body, Place, Planet; Medicine and Society; Climate Change History and Public Policy; Earth System Scientists; Global Environmental History; Technology, War and Society; Environment and Society; Cartesian Legacies; Native Natural Knowledge; Science in the Federal Government; Astronomy Since 1609; Technology and the Millennium

PH.D. SUPERVISION

Michigan State University, Ph.D. Committee of Gabriel Henderson (Ph.D. awarded 2014)
Yale University, Graduate Ph.D. Committee of Rachel Rothschild

Georgia Institute of Technology, Ph.D. Committee of Angelina Long (Ph.D. awarded 2013)
 University of Manchester, UK, Ph.D. Committee (viva) of Alexander Hall (Ph.D. awarded 2012)
 L'Ecole des Hautes Etudes en Sciences Sociales – Paris, Dissertation Defense Committee of Sebastian
 Grevsmühl (Ph.D. awarded 2012)
 University of Pennsylvania, Ph.D. Committee of Roger Turner (Ph.D. awarded 2010)
 University of Maine—Orono, Ph.D. Committee of Louis McNalley (Ph.D. awarded 2004)

PEDAGOGICAL ARTICLES AND PUBLISHED SYLLABI

“STS and WWW at Colby.edu,” *Info@Colby.edu* (Fall 1999): 5.
 “Students from Colby College and the NASTS 14th Annual Conference,” (with Wesley A. Baff ’99, Raji
 C. Gupta ’99, Bethany R. Knorr ’01, and Patrick C. Upatham ’99), *Bulletin of Science,
 Technology and Society* 19, no. 4 (1999): 329-31.
 “The Minor for All Majors: STS and the Liberal Arts at Colby College” (with Amy A. Lyons ’98).
Bulletin of Science, Technology, and Society 18, no. 6 (Dec. 1998): 45-46.
 “ES 118: Environment and Society” (with David H. Firmage, F. Russell Cole, Thomas W. Shattuck, and
 Thomas H. Tietenberg). *Environmental History Review* 16 (Spring 1992): 99-113.
 “Science in America.” Pp. 46-49 in *History of Science Syllabus Sampler*, compiled by Henry Steffens.
 Burlington, Vt.: History of Science Society, 1992.

SERVICE

SERVICE TO COLBY

Chair of Interdisciplinary Studies, 1997-99, 2015-18
 Director, Science, Technology and Society Program, 1988-92, 1993-99, 2000-03, 2007-2013, 2014-
 STS Colloquium convener, 1988-92, 1993-99, 2000-03, 2007-2013, 2014-
 Faculty Steering Committee, 2015-18
 Promotion and Tenure Committee, 1998-99, 2000-01, 2011-12, 2012-13
 Board of Trustees Honorary Degree Subcommittee, 1997-99, 2008-2012, 2014-16
 Arts and Humanities theme co-director, “Revolutions,” 2016-17
 President’s Task Force on Academic Engagement, 2008
 Goldfarb Center for Public Policy and Civic Engagement, Steering Committee, 2007-present
 Editor, *A Plan for Interdisciplinary Studies at Colby College, 1999*
 Interdisciplinary Studies Council and Grants Committee, 1988-present; Chair, 1997-99
 Research Roundtable (co-convener with Emily Kugler), 2011-13
 Environmental Studies Advisory Committee, 1989-2005
 Environmental Science Advisory Committee, 2017-18
 Women’s Studies Advisory Council, 1996-99; subcommittee on Women and STS 2001-02
 American Studies Advisory Committee, 1991-2016
 Committee on Course Evaluations (elected), 1989-97
 Independent Majors Committee (elected), 2001-02
 Library Committee, 1996-97
 Dismissal Proceedings Committee, 2004-09
 Writing Across the Curriculum, Co-coordinator, 2001-05
 Promotion and Tenure Departmental Review Committees: Anthropology and African-American Studies,
 Art and American Studies, Education and Human Development (three: Chair of one), English,
 Chemistry, History, History and STS, Geology, Physics and Astronomy (four), Sociology,
 Women’s Gender and Sexuality Studies
 Special Review Committee for Anthropology
 Sixth-Semester Review Committees: American/Women’s Studies, Chemistry, Computer Science, English
 (two), Environmental Studies, History and STS, Philosophy, Physics and Astronomy (four: Chair
 of one), Sociology

First Year Review Committees: Biology (two), English (two), Environmental Studies, History and STS, Physics and Astronomy (four)
 Contract Renewal Committee: Art, Art and American Studies, Education and Human Development
 Search Committees: Art, American Studies, Biology (two), Cultural Anthropology, Economics, Education and Human Development, Environmental Policy, Environmental Studies/GIS, Physics and Astronomy (five), Psychology, Sculpture, Science, Technology and Society (Chair of five)
 Natural Science Division, NSF-AIRE grant steering committee, 1998-2003
 Mellon Foundation, environmental studies grant steering committee, 2001-2005
 Faculty liaison to the libraries for History of Science and STS, 1988-present
 Advisor of first-year, undeclared, and STS students, 1988-present
 Faculty mentor to Assistant Professor of East Asian Studies Hong Zhang, 2000; Assistant Professor of History Jason Opal, 2003; Assistant Professor of Economics Fei Yu, 2008
 Information Technology Committee, Academic Subcommittee, 2001
 Faculty Retreat Planning Committee, 1998
 Radiation Safety Committee, 1990-92
 Natural Science Core Curriculum Subcommittee, 1990-91
 Nominator and host for Colby College honorary degree recipients Leo Marx, Edward Norton Lorenz, Ralph Cicerone
 Faculty Associate, 1988-98, Faculty Associate Advisory Committee, 1993-94

SERVICE TO THE DISCIPLINE

American Academy of Arts and Sciences
 Invited Speaker, 2017
 American Association for the Advancement of Science
 Fellow, Elected 2003
 Roger Revelle Fellow in Global Environmental Stewardship, 2006-07
 Chair of Section L on History and Philosophy of Science, 2006-2009
 Chair of Section X on Societal Impacts of Science and Engineering, 2013-2016
 Historian/Advisor for *Science* magazine's "Pathways of Science," series, 1999-2000.
 Symposium organizer, "Sustaining the Global Climate," 2007.
 Symposium organizer, "Earth Observations from Space," 2008.
 Elected Member of Council, 2018-2020.
 American Geophysical Union
 AGU History Committee, 1988-present
EOS: Transactions of the American Geophysical Union, History Editor 1990-96
EOS History Editor Search Committee chair 1998
 All-Union session convener and speaker, 1987, 1991, 1996, 1998, 2005
 Session convener and speaker, 1994, 1996; invited speaker 2006
 American Historical Association
 Speaker 2004, 2016, Speaker and Session Organizer 2005, 2014, 2018
 American Meteorological Society
 Fellow, Elected 2011
 Historical Consultant, 1987-present
 AMS History Books Editor, 2011-present
 Coordinator of the AMS Historical Research Network, 2017-
 History of the Atmospheric Sciences Committee, 1987-present, Chair 1996-2003
 Program Chair, Presidential Symposium on History, Long Beach, CA, 2003
 History Editor, *Bulletin of the American Meteorological Society*, 2002-present
 Established AMS annual Graduate Fellowship in the History of Science, 1998
 Editor of the AMS 75th anniversary history volume, 1994-96
 Invited speaker, 1998, 2003, 2007; Invited keynote speaker, 1999, 2012, 2016

Co-author, AMS Policy Statement on Geoengineering the Climate System (2009, 2013),
http://www.ametsoc.org/policy/2013geoengineeringclimate_amsstatement.htm
 American Society for Environmental History, Speaker 2003, 2007, 2008, 2010
 Chinese Society for the History of Science and Technology, Committee on the History of Meteorological
 Science and Technology, Executive Member of the Council.
 Columbia University, New York City, Hertog Global Strategic Studies graduate seminar co-leader (with
 Prof. Matthew Connelly), Climate and Global Strategy, Summer 2013
 Dibner Institute for the History of Science and Technology, Co-organizer and session leader on climate
 change, Seminar on Oceans and Atmospheres, Woods Hole, May 2006
 Government Accountability Office. Center for Science, Technology, and Engineering, *Climate
 Engineering: Technical status, future directions, and potential responses*. GAO-11-71, July 2011
History of Cartography 6 (University of Chicago Press), Advisory Editor, 2004-05
 History of Earth Sciences Society, Associate Editor, *Earth Sciences History*, 2002-07
 History of Science Society
 Speaker 1987, 1990, 1998; Invited speaker 1992, 1995, 1999, 2003, 2012, 2015, 2017; Session
 convener 1990, 1994, 2001; Invited chair and commentator 1995, 1996, 1997, 2001, 2011,
 2013, 2015
Syllabus Sampler, 1992
 Forum for the History of Science in America (FHSA), Steering Committee, 1993-95, 1996-99;
 FHSA Article and Book Prize Committee 1993-94, Chair 1994; FHSA Distinguished
 Lecturer, 2012; Book Prize Committee 2016.
 Schuman (now Reingold) Prize Committee, 1999-2001, Chair 2001
 Advisory Board, *Isis*, 2000-03
 Nominating Committee, 2005
 Washington Representative, 2006-07
 Editor, *Osiris* 26, Klima, 2011
 Member of Council, 2014-17
 Member of the Committee on Meetings and Programs, 2015-17
 Intergovernmental Panel on Climate Change (IPCC)
 Contributing Author, Ch. 1: "Historical Overview of Climate Change Science," 2007.
 Expert Reviewer, Working Groups II and III of the Fifth Assessment Report (AR5), "Climate
 Change 2013: Impacts, Adaptation, and Vulnerability."
 Expert Reviewer, Working Group III (Mitigation) of the Fifth Assessment Report (AR5),
 International Commission on the History of Meteorology (ICHM)
 Founder and first President, 2000-2005; Senior Advisor, 2006-present
 Editor-in-Chief of *History of Meteorology*, [http://meteohistory.org/scholarship/history-of-
 meteorology](http://meteohistory.org/scholarship/history-of-meteorology), 2001-2017.
 Affiliate of International Council for Science (ICSU), 2001-2005
 Affiliate of International Union of History and Philosophy of Science (IUHPS), 2000-2005
 Affiliate of International Association for Meteorology and Atmospheric Science (IAMAS), 2003-
 2005
 Co-convener, "Weather, Local Knowledge, and Everyday Life," Rio de Janeiro, Brazil, 2008.
 International Program Committee, International Congress of History of Science, Beijing, China,
 2005.
 Convener, Symposium on "Diversity in the Global Reconstruction and Representation of Weather
 and Climate: East, South, West, North," International Congress of History of Science,
 Beijing, China, 2005.
 Co-convener, International Conference, "From Beaufort to Bjerknes and Beyond: Critical
 perspectives on observing, analyzing and predicting weather and climate," Polling
 Monastery, Weilheim, Germany, 2004.

- Convener, Symposium on “International Perspectives on the History of Meteorology: Science and Cultural Diversity,” International Congress of History of Science, Mexico City, 2001.
Seminar Convener, “Gaining It, Losing It, Regaining It (?), ICHSTM, Manchester, 2013.
- National Academy of Sciences/ National Research Council
Committee on Geoengineering: Technical Analysis and Discussion of Impacts, 2013-2015
Speaker, America’s Climate Choices, 2010
Speaker, Government, Industry, Research Roundtable, 2010
Committee on Scientific Accomplishments of Earth Observations from Space, 2006-07
- National Aeronautics and Space Administration
Peer review panelist for History of Scientific Exploration of Earth & Space program, 2007
Invited speaker, 2008, 2009
- National Association of Science, Technology, and Society
Institutional Members Advisory Council, 1993-2000
Session convener and speaker 1997; Session convener and chair 1999
- New Dictionary of Scientific Biography* (Scribners),
Associate Editor, Meteorology, Hydrology, and Oceanography, 2005-07
- Organization of American Historians, Speaker 2008.
Palgrave-Macmillan. Series editor, Palgrave Studies in the History of Science and Technology. New York
International Commission on History of Meteorology, Founder, Senior Advisor, Editor-in-chief of
History of Meteorology
- JCSEPHS, Joint Caucus for Socially Engaged Philosophers and Historians of Science, founding member
Rutgers University Press
Editorial Advisory Board for History of Science, Technology, and Environment series
- Serbian Academy of Sciences
International Program Committee Member and Invited Speaker, “Milutin Milankovitch
Anniversary Symposium, Belgrade, Serbia, August 2004
- Society for the History of Technology
Session convener and speaker, 1994
Session convener and commentator, American Historical Association, Seattle, 2005
Speaker, 2009, 2010, 2015
- Smithsonian Institution
Co-convener, “Making Science Global: “Making Science Global: Reconsidering the Social and
Intellectual Implications of the International Polar and Geophysical Years,” October 31-
November 1, 2007.
Member, Editorial Advisory Committee, *The Papers of Joseph Henry*, 1993-2001
Liaison to AGU for the Smithsonian’s 150th anniversary celebration, 1995-96
External reviewer for Smithsonian historian/curator evaluations, 1996, 2001, 2006, 2017
- Swedish Academy of Sciences
Invited Speaker 2017
- Swedish Foundation for Strategic Environmental Research
Mistra Environmental Humanities Initiative, <http://www.mistra.org/>, Consultant and white paper
co-author, 2012-13
- Vienna International Summer University (VISU), Invited Principal Lecturer, “Climate Studies,” 2013.
Wiley Interdisciplinary Reviews on Climate Change, editor for history, society, culture, 2005-2010.
- University of Kansas
NSF IGERT Advisory Committee, 2007.
- Deutschen Meteorologischen Gesellschaft
Auslandisch Autorität, Fachausschuß Geschichte der Meteorologie, 1998-present
- American Philosophical Society
Mellon Library Fellow, 1991
Invited speaker, Conference on North American Scientific Exploration, 1997

Massachusetts Institute of Technology

Faculty workshop on “The Humanities and the Environment,” 1991-95

Workshop advisory committee, 1991-93

Invited speaker, 1991, 2000, 2009, 2012, 2016

Carnegie Institution of Washington, History of geophysics committee, 1992

Garland Press, Advisory Board, *History of Geosciences Encyclopedia*, 1991-95
