Colby College is committed to supporting access for qualified individuals managing temporary or chronic conditions, including use of accessible parking places on campus. To request an accessible parking pass, please complete and return this form along with documentation from a licensed health/medical provider to accommodations@colby.edu. Documentation should be on professional letterhead and include diagnoses, treatment plans and estimated recovery timelines if relevant. All information will be considered confidential and released only to appropriate personnel as deemed appropriate under State and Federal law.

Once received, documentation will be reviewed and a determination for the length of time for the parking pass will be established. Once notified, students should reach out to Colby Security to receive the pass. Students are welcome to extend these deadlines by submitting updated documentation, however it is their responsibility to do so within at least 5 days of expiration.

Accessible Parking Passes are only for designated accessible parking spots. If you are unable to find an accessible space, you must park in your allocated lot and call Security (207-859-5530) for an escort. Explain that you have an accessible permit but were unable to find an available space.

Please note that vehicles parked, at any time, in violation of parking policies, regardless of accessible pass, will be ticketed.

Student Name  

I am requesting an accessible parking pass for the following dates: _________

I have read and understand the parameters of parking with the accessible parking pass and that I must reach out to extend dates if needed by contacting accommodations@colby.edu.
